Preface

About Global ELD

Global ELD was developed by the team that brought you SimpleTruckTax.com for the filing of your 2290. Our goal is to create and deliver a safer work environment for drivers. We make it easier and faster to more accurately track, manage, and share records of duty status (RODS) data. With over a decade of success building such platforms, we can now offer you the most affordable and easy to use ELD service.

Our solution has been tested by several fleet companies and independent truck drivers throughout the nation, and has been proven to remain simple, quick, and accurate for all users on both iOS and Android Smartphone's and tablets. Global ELD takes pride in our service and dedication to providing the highest quality affordable ELD service on the market, for both individual drivers and fleets
